Cougar Pantry End-of-Semester Presentation

Phillip Bagu, Mhealyssah Bustria, Lalo Fisher,
Neala Mendoza, Mark Rahal

Faculty mentor: Dr. Ouyang
Industry mentor: Margo Lopez

Presentation Date: Friday 03 May 2019
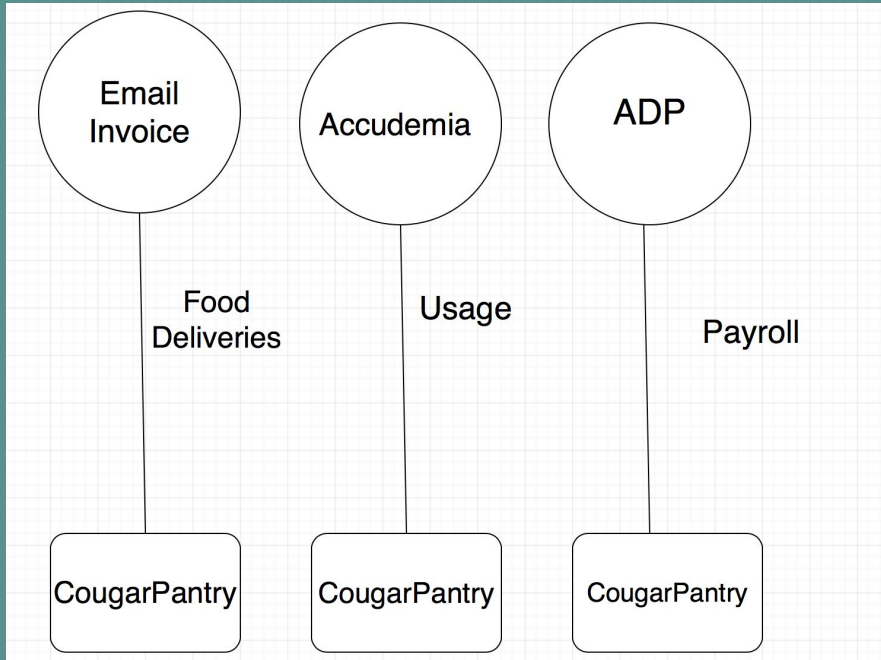

Client: CSUSM's Cougar Pantry

- ASI

- Food Insecurity

- Fresh Market Mondays
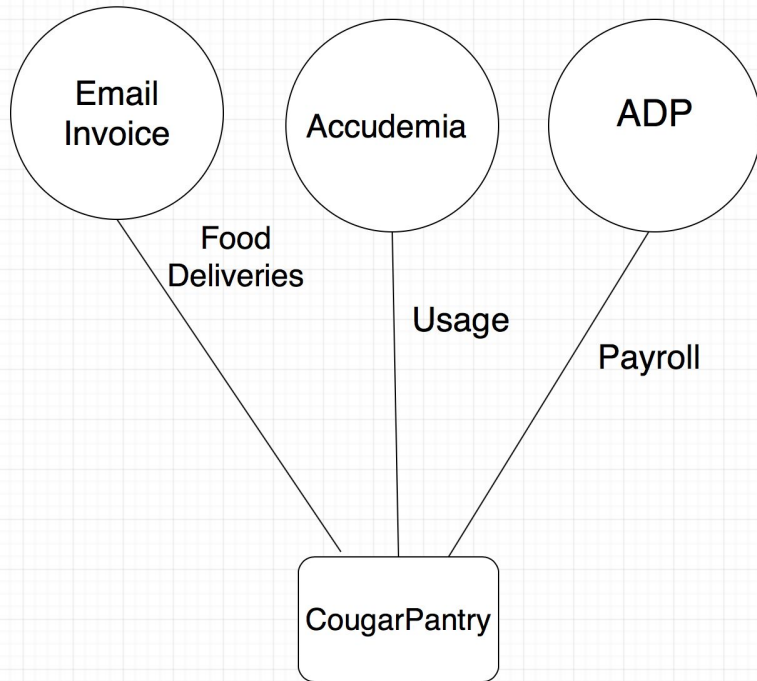

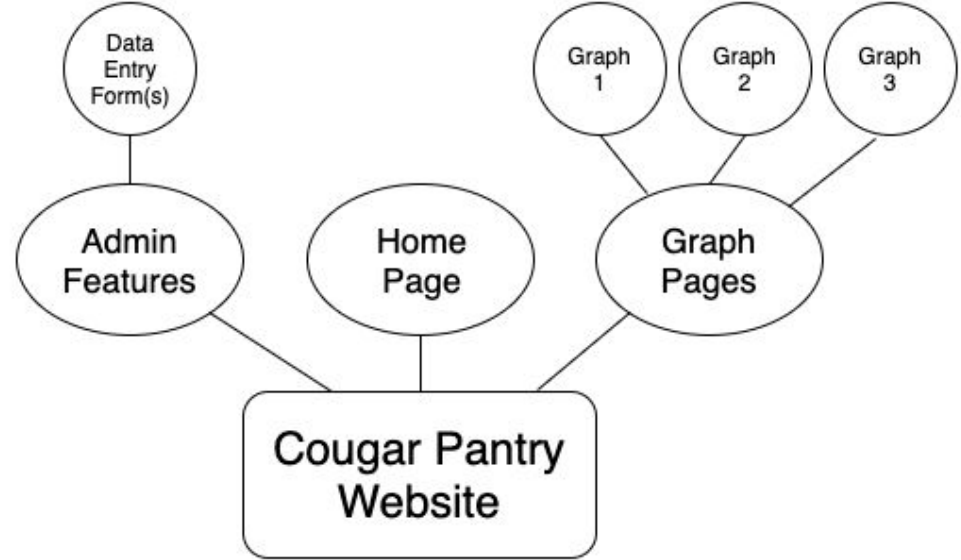

- Weekly Pantry Visits

Project Problem

1

2

need a website to promote Cougar Pantry and tell their story

Proposed Solution

Database

Email Invoice — Food Deliveries — CougarPantry

Accudemia — Usage — CougarPantry

ADP — Payroll — CougarPantry

Website

Data Entry Form(s) — Admin Features

Graph 1, Graph 2, Graph 3 — Graph Pages

Admin Features — Home Page — Graph Pages — Cougar Pantry Website

Database

PHPmyAdmin	mySQL	PHP	AJAX
- web-based DBMS - mock data	manage and query the database	connect to and grab items from the database	asynchronous JavaScript and xml - connect database (PHP) to website (JavaScript)

phpMyAdmin

Website

HTML	CSS	JavaScript
build web pages	style web pages	draw the graphs

link to website → demo
https://cis341.cs.csusm.edu/pantry1/
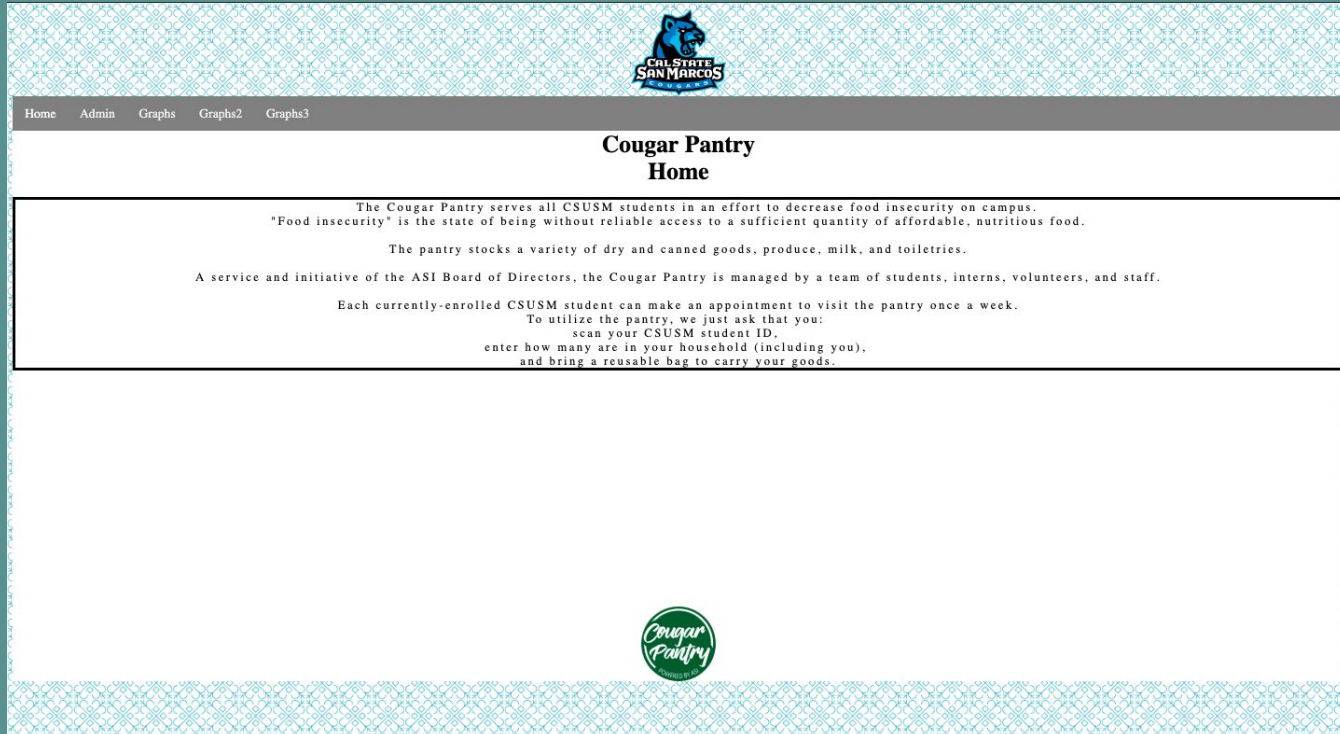

Future Plans

1	2
restrict access to admin page	dropdown menu for the 3 graphs

**Special thanks to:**

Dr. Ouyang (Faculty Mentor)

Margo Lopez (Industry Mentor)

Annie Macias (Executive Director of Cougar Pantry)

Dr. Gilmore

Dr. Clark-Ibáñez

The audience; thank you for your time!

other links

secondary URL for current website

https://cis341.cs.csusm.edu/bustr003/MYcps19/

URL to website as of Monday 22 April 2019

https://cis341.cs.csusm.edu/pantry1/backup/

notes from after presentation

- on the home page, add text/instructions informing the user that **the Cougar Pantry logo links back to the CSUSM Cougar Pantry website**, where they can access different features such as:

- contact info

- more detailed info

- setting appointments
